## From the Editor

Please remember, I am an editor, not a reporter, so please send me your articles! Also, when you do send them, please say "Newsletter Article" or "Newsletter Item" in the subject line. I don't always have the time to sort through all the JBC mail! Also, if you know you have a large article, give me a "heads up" if you can. That way, I can save the space.

Thanks!

PS: All articles should be sent at attachments (Word) only!

## Pictures

Some suggestions for picture taking!

Try to avoid the obvious---a whole group of bicyclists with their heads down! I don't know about you, but this doesn't do much for me!

Take pictures at a reasonable resolution, so they'll work at any size.

Identify the folks in the picture!

Take a picture of two-three people engaged in a task, and identify that task for the readers.

## Report on the August 14th General Meeting

At the August 14th JBC General Meeting for all Members we had two excellent Guest Speakers: Ralph Schultz, CEO of Forest Preserve District Will County and LT. Dave Barrios, Jr., Police officer for Forest Preserve District Will County.

Ralph Schultz summarized the Will County Bike Way Plan approved by the Forest Preserve commissioners. The Bike Way Plan is available on the Web at [www.ReconnectWithNature.org](http://www.ReconnectWithNature.org).

The Bike Way Planners looked at connecting bike corridors across the county to connect communities. Recently they finished a big project working with IDOT to replace the Old Plank Road Trail bridge across I-80. That was funded because I-80 will be widened in the coming years and the old trestle bridge was not long enough to cross the future widened lanes of I-80. Next big project is a new bridge on south side of Black Road over I-55 to connect Shorewood with the Rock Run Trail. IDOT will put the contract out for bid in 2018. Will County FPD staff also worked with other municipalities and park districts on projects such as the Naperville River Trail. Big projects like these take years of planning, community input and then partners and grants from the federal Transportation Enhancement Program to construct. Another big project in the works is the Veterans Memorial Trail which will parallel I-355 from 135th St. to Route 6 by Silver Cross hospital. Most of the trail will be in the I-355 Tollway Right-of-Way. The First segment will link New Lenox with 159th St in Lockport on the Greenway Trail. Other works for this year include maintenance and enhancement of current trails such as Hammel Woods.

LT. Barrios explained the Will County FPD Trail Safety program called “EYES, EARS, CELL PHONES” for all trail users to call and report any suspicious activity to Will County FPD Police as soon as they see or hear something, not days later when it is too late for them to respond. Call 911 in an emergency but call Will County Sheriff's dispatch for other issues. (815) 727 6191. Add that number to your cell phone contacts. He handed out wristbands embedded with the phone number, brochures and window cards. Officer Barrios reviewed basic bike Safety Rules that are pretty much common sense to safely enjoy the 120 miles of trails in Will County, including knowing where you are if you call for help.

Ralph Schultz and Lt. Barrios held a lively Question and Answer session and most JBC members had a question or two. Currently E-Bikes are NOT permitted on Will County FPD trails, except for special disability needs. Bill and Dieter are legal! Did you know the speed limit on trails is only 10 miles an hour? Ride with control and safely and you probably won't get a citation. He said they have Bike Patrols and that canine officers are also used for Search and Rescue.

*Renee Thakali*

JBC board and members approved of the following donations from revenue generated on the July<sup>th</sup> Century Ride.

- Area Police Bike Patrol units and/or Park Districts to receive Donations from JBC this year include Joliet, Shorewood, Channahon Plainfield, Morris, New Lenox and Will County Forest Preserve Districts **\$500 EACH. TOTAL \$3500**
- **Ride Illinois Bike Sign Project 3 Feet Share** Good discussion and support from JBC members for Brian Swanson made a motion and was seconded by Mark Ebert for JBC to set a ~~5000~~ **5000** for the Share the Road Sign program. The motion was approved in a verbal vote with members present. Renee Thakali explained that Ed Barsotti from Illinois will do the work to get signs installed in the places that JBC members think are most important. The signs have been designed and approved by IDOT. Costs for installation will depend on the location, jurisdiction and budget of the agencies. A poll of JBC members via Google Group will be conducted and JBC member Dominick Chellino will summarize and bring the suggested locations for the signs to the JBC Board. Get involved! Watch your emails and please respond with your best suggestions to locate 3 Feet Share the Road signs in our riding areas. Raising awareness of this law and rule of the road for bicycles and cars is one step closer to safer roads.

**The following proposals were also discussed.**

- Proposal to install a city Park Bench and/or Bike Rack at Morris Bakery. Still not sure how much this will cost. Dominick Chellino has a letter to Morris Mayor and City Manager and has verbal approval of the Mayor. Bakery and nearby retail store where JBC riders frequent this spot almost daily.
- Member Brian Swanson proposed for JBC to purchase and work in partnership with Frankfort to install a Bike Repair Station in Frankfort where many rides begin. Preliminary cost is \$1500. A proposal would need to be made with the city of Frankfort. Members were interested in this proposal but no vote was taken on this project. Maybe some JBC members who live in Frankfort and ride from there frequently may have good contact in the city and can inquire? Contact a JBC board member who can help.
